

# Really Cool M

Premium Waterproof Disinfectable Keyboard for Meditech Applications

**T**he Really Cool M is our premium disinfectable keyboard customized for Meditech applications making it the ideal peripheral for hospitals and medical environments. Its durable, sealed and rigid construction allow repeated cleanings without fear of failure. And the quiet keys feel as good as they perform – even with gloves on! Outstanding reliability and performance are built into every seamless Really Cool M, making it the preferred tool for infection control and patient safety. The Really Cool M is compatible with standard keyboard layouts. And can be equipped with our magnetic attachment system, 3-way backlights, and smart cable option. For added protection, fitted drapes are available for this model.
