

Really Hot

Premium Full Size Wireless Waterproof Disinfectable Keyboard

The keyboard that set the standard for disinfectable peripherals everywhere is now available with **BlueTooth** for cable-free ease. It's one more asset among many, including a durable, no-moving parts body that can be thoroughly and repeatedly cleaned without fear of failure. Plus, click-free keys that feel as good as they perform -- even with gloves on! Outstanding reliability and performance are built into

every sealed and seamless Really Hot design, which makes this keyboard an ideal choice for all environments but especially those where infection control and patient safety are paramount. Really Hot is compatible with standard keyboard layouts and can be equipped with our magnetic attachment system, 3-way backlight, and MediTech layout.
