

Simply Cool Touch

Economical Water-Resistant Full-Size Keyboard With Touchpad

When you want it all, including value, **Simply Cool Touch** is the answer. Fully sealed to protect inner components, SCT keeps liquids out for a washable board that stays clean and performs beautifully. With no moving parts to fail and no mouse needed, you get a durable, go-anywhere keyboard with great tactile feedback -- one that feels good even with gloves on! With a convenient built-in touchpad, **Simply Cool Touch** fits in challenging spaces where mice aren't welcome. Its silent keys make it equally at home in libraries or medical offices. It's simply ideal anywhere infection control, performance and value are priorities.

Other keyboards simply can't touch that!

▲ Slim and affordable, the **Simply Cool Touch** fits your budget and your office space.

▲ The **Simply Cool Touch** from Man & Machine eliminates the need for a mouse
