

# U Cool

Economical, Waterproof, Disinfectable Full Size Keyboard

**N**eed protection from dirt, germs and spills without paying a premium? U Cool comes clean for you in an instant. Disguised as a regular keyboard, U Cool looks and feels like a conventional model but goes underwater, wipes clean with disinfectants or alcohol, and lives to see another day. Built-in drainage holes and sealed inner components make spills inconsequential. And a convenient locking device lets you wipe clean without unplugging. You get a rugged cleanable workhorse for minimum wage.

Need more? Add a Fitted Drape for infection control that slips on and off, and can go into an autoclave. The 100% silicone drape can be chemically disinfected and sterilized for the ultimate clean.

Need even more? Take a cue from hospitals, schools, libraries and offices worldwide that choose U Cool. And bask in the glory of being protected.
