

Economical Waterproof Sterilizable Keyboard Covers

The generously full-sized Very Cool keyboard is washable thanks to its sealed electronics. The keyboard may be dipped, rinsed, sprayed and wiped with EPA-registered wipes and disinfectants. Pair with the Very Cool Fitted Drape (available in five colors), for additional germ protection and a one-wipe cleaning solution perfect for your infection control protocols. The replaceable Fitted Drape can be cleaned, disinfected, and sterilized using EPA-registered cleaners or an Autoclave.

Eliminate waste from using other kinds of barriers. Pair the washable Very Cool Keyboard and Fitted Drape for the ultimate solution that is **Green. Clean. Less Waste.**
