# VERY COOL KEYBOARD

Stylish full-size but compact keyboard. Offers the most flexibility within a washable design!

## Keyboard Features:

**IP65 Washable**
Wipe, Spray or Rinse

**Resistant to Disinfectants**
Use standard hard surface cleaners

**LOCKABLE**
No need to disconnect during cleaning

**Tactile Feedback**
Tactile typing at the speed of a regular keyboard

**HYGIENIC WHITE**
Easily detect contamination

**Optional built-in MagFix**
For use on wall-mounts/flip up keyboard trays

**Keyboard Feet**
To use flat or tilted

**Cable Management**
4-Directional Quick Disconnect Cable with Double Strain Relief

## Add a Printed Fitted Drape

Enjoy the benfits of a sealed one-wipe cleaning solution without compromising tactile feeback.

- Tighly fitted drape stays in position
- Disinfectable
- Sterilizable in an Autoclave or Thermo-disinfector
- Slighty raised keys for additional tactile feedback
- Replaceable/Disposable
- Colors available: White, Black, Red, and Blue
